Kearney Christopher L - Vol I

MR. ROBERTS: Objection.

11 Misstates facts. Go ahead.

12 A. No, it's not correct.

13 Q. What monies are currently owed
14 to you?

15 A. There's an issue about the
16 waiver premium which I've been paying waiver
17 of premium or I've been paying my premiums
18 for all these years and I'm sure it's 60, 70,
19 80 thousand dollars that I believe should be
20 refunded to me and that has -- that's an
21 issue in this trial.

22 Q. Anything else?

23 A. Other than interest, I can't

0033 1 think of anything on -- on your -- some of
2 your checks were -- which were not timely.

3 Q. But I'm saying timeliness aside,
4 and I know that you say some of them weren't
5 timely. Ultimately, as we sit here today,
6 you've been paid all the benefits other than
7 the waiver of premium benefits and whatever
8 interest is owed on those payments, is that
9 correct?

10 A. Eventually with the phone calls
11 and letters I received them at some point
12 during the month or the next month.

13 Q. So the answer's yes but you
14 don't believe they were timely paid.

15 A. I know they weren't timely paid,
16 yes.

17 Q. Yes. Okay. Did you continue to
18 develop this -- what do you call the machine
19 by the way is there a shorthand --

20 A. I -- robotics vision feeder,
21 R-V-F.

22 Q. Had you prepared any marketing
23 materials relating to the robotics vision
24 feeder?

0034 1 MR. ROBERTS: Objection. Vague.

2 Go ahead.

3 A. Yes, I have.

4 Q. What kind of marketing
5 materials?

6 MR. ROBERTS: Objection. Go
7 ahead.
